## **Indiana County Parks & Trails Special Events Permit Guidelines & Application**

### **What is a special event?**

Any organized public or private event that requires the use of park areas or facilities beyond the normal operating procedures of the Indiana County Parks & Trails department.

### **Why is a Special Events Permit needed?**

Parks are held in the public trust. It is important that park sites be used properly and are available to the public at all times in an acceptable condition.

### **When is a Special Events Permit required?**

A Special Events Permit is required when:

- the site requested has not been designated as a normal site for large group gatherings.
- admission is controlled either by donations, entry fees, or tickets.
- anything is sold.
- tents, canopies, or stages are brought in.
- the event is advertised as a public event.
- the event is organized by a caterer.
- special vehicle access is requested.
- additional electricity, restroom, or garbage facilities are required.

### **Are there additional fees beyond the normal costs for park facilities?**

**Yes.** The permittee must pay for all costs associated with the event, including:

- all trash removal. Permittee may be required to make arrangements with a local trash hauler to provide additional dumpsters at the site. It is recommended that one 3-yard dumpster be provided for every 250 people attending the event.
- additional restroom facilities are needed. One portable restroom must be provided for every 100 people estimated to attend.
- excessive water and electric usage. Water and electric are provided at no charge to park users but a special events permittee may be charged for excessive water or electric usage.
- any damages to facilities or turf areas.

In addition to facility rental costs, permittee must provide a \$200 refundable damage deposit for the use of park grounds. This deposit will be refunded if park facilities and grounds are restored to their normal condition.

### **What park regulations and event guidelines should we be aware of?**

- alcohol is not permitted in any County Park.
- sound from music or public address systems must be limited to the area reserved for the special event.
- food concessions must have an approved PA Health Department certificate on the site.
- public liability insurance for bodily injury or property damage in the sum of \$1,000,000 must be provided. A copy of the certificate must be included with the application.
- vehicle access to turf areas may be granted, but must be limited as much as possible.

- security and traffic control during the event are the responsibility of the permittee.
- A list of park regulations is included with the Special Events Permit application.

### **How do I schedule a special event?**

Your application will be reviewed by the park staff and may require the review of the Indiana County Parks Advisory Board if the event is of a large scale.

If your Special Events Permit application is approved, you will be required to meet with the park staff to review special needs. This meeting must be held at least 30 days prior to the event.
